# Mounting Instructions

Cable Organizer 031942-0300X15
Program 0300

This instruction describes the mounting of a cable organizer 031942-0300X15 or similar to a cable package on a festoon system.

Cable organizer 031942-0300X15

Follow the procedure below step by step. No tools are needed for the assembly.

Step 1:
Precautions!

WARNING!

Before working on a festoon system, the system must be switched off and secured against unauthorized or unintentional activation!

Step 2:
Pull cable organizer around the complete cable package

Step 3:
Rotate notched end of the organizer by 90-degree

Step 4:
Insert notched end of the organizer into slotted end

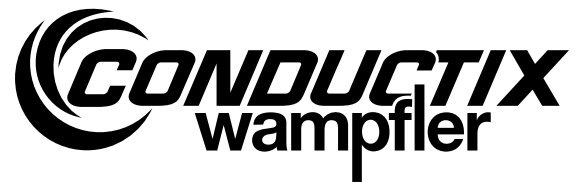

Step 5:
Proceed until notched end is fully inserted

Step 6:
After full insertion turn notched end back by 90-degree. Check if cable organizer is completely locked
